

## How to Assign a Manager/Coach to a Team in Netball Connect

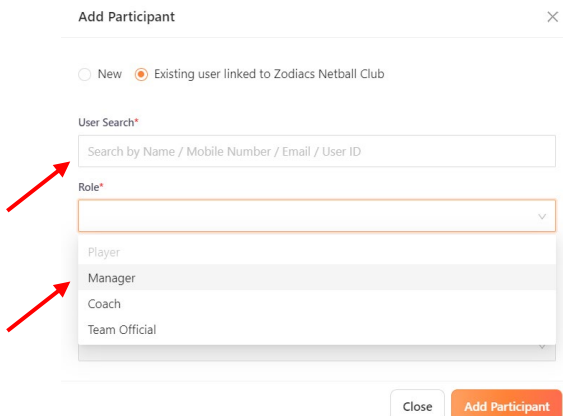

### 1. Select Teams

### 2. Check the team and select +Create Participant

### 3. Select Existing User and search for details. Add role as manager.

### 4. Check managers have been applied on the Team Sheets. There should be a number under the M heading or click on a team and scroll down the players list to see managers details. \*Follow the same steps to assign a coach but select Coach as the Role.
